CS411 Final Term Paper 1 2018

My today (20-02-18) CS411 Visual Programming paper (VLHR01 Faisal Town)

mcqs were not from past but subjective was mostly from past papers:

Three benefits of object data providers.

Ali wants to select and hide all <p> tags from html. Give syntax for this in javascript and jquery.

Write code to hide navigation in wpf.

Differentiate application and component commands
Close, Find, selectToEnd, MoveRight, Help

Modify the code so that all the text typed into textbox1 would appear in textbox2
<TextBox x:Name="textbox1" Text="">
<TextBox x:Name="textbox2" Text="">

When browser sends request to web server, in which format server sends back information to web browser? Give 4 examples.

Write xaml code for a list box with three items and then a text box as selected item text will show in textbox.

CS411 Final Term Paper 2 2018 shared by Student

1) Three difference between "Padding" and "Margins"

2) web server response formats
3) javascript and jquery code for hiding (P) tag element
4) applicationcommandsm and navigationcommands

5) Owner and ownerform in WPF forms

6) difference between Onway and Twoway data binding

7) Senerio given tha event create karna tha

CS411 Final Term Paper 3 2018 shared by Student

18feb2018
5-web server response formats
5-javascript and jquery code for hiding tag element
5-applicationcommands and navigationcommands
5-manipulation delta properties and when its raised
3-syntax of block
2-identify event processing system types
mostly from past papers and super easy.

CS411 Final Term Paper 4 2018 shared by Student

Todays paper of CS411

Total 50 Question

40 MCQs

3 Marks k 5 questions thy

5 Marks k 5 questions thy

Objective pehly 10 Past main sy thy main khush ho gya

Lakin aagy sary MCQs main sy aik bhi past main sy nhi tha

Long main 3 Marks k sary questions Past main sy thy

Aour aik 5 marks ka question past main sy tha

1- Indirect calling function k 2 machnism likhny thy   (3 M)

2- Aik binding k types Likhni thi   (3 M)

3- Server Side our client side programing language ka batana tha same jaisa past main hy   (3 M)

4- Operation commands alag krni thi   (3 M)

5- When web browser send request to web server,in which format servers send back information to web server?

5 Marks k questions main sy 2 question past main sy tha (hide p wala)

Ali wants to select and hide all <p>tags from html. Give syntax for this in JavaScript and JQuery?

Identify client side languages and server side languages cold fusion, asp.net, java script and php?

Baqi sari programming thi

Lehaza past k sath sath book ko lazmi tiyar krien speciall for MCQs

Overall paper was at the middle type not too much difficult but not so easy

MCQs were very tricky and 22 MCQs were about syntax and coding

CS411 Final Term Paper 5 2018 shared by Student

Total 50 Question

40 MCQs

3 Marks k 5

5 Marks k 5

1.Define command w.r.t WPF (3m)
